### NEW BOOK INCREASES YOUR SPIRITUALITY

According to U.S. Government statistics, less than one in four Americans—23%—attend church on a regular basis. In a number of countries in Europe, the figure is even lower— one-in-ten according to a World Values Study. Certainly there are several reasons for this, including the lack of wars and political upheaval, but one reason has to be considered—that people do not see any results from praying. But people do continue to search for their own spirituality.

Now a simple book is changing the lives of those who have read it. Spiritual book publisher Light Technology published ***THE GENTLE WAY: A Self-Help Guide For Those Who Believe In Angels*** (154pp/Trade Paperback/Self-Help, Spiritual / ISBN 1-891824-60-0). The book is now in its second printing as the benefits have spread by word-of-mouth. In early 2010 Light Technology will publish ***THE GENTLE WAY II: The Story Continues***, which will contain many stories written by people from around the world who have discovered how requesting Benevolent Outcomes in their lives connects them with their own Guardian Angel, with immediate feedback to many of their requests.

The two books were written by an entertainment industry CEO, Tom T. Moore, who discovered how requesting Benevolent Outcomes enriched both his business and personal life 14 years ago. Since then, besides the two books, he has had articles published in such international publications as Kindred Spirit (UK), LivingNow Magazine (Australia), The Sedona Journal of Emergence! (USA), and the large internet website Beliefnet.com with over seven million visitors a month. German publishing rights have recently been licensed to Droemer Knaur. You can read more about the book at [www.Media.TheGentleWayBook.com](http://www.Media.TheGentleWayBook.com).

Requesting Benevolent Outcomes for assistance of your Guardian Angel has additional benefits that even Mr. Moore did not realize when he began requesting them for mundane things like a parking space in front of a busy restaurant or store to important events in his business and personal life. He discovered it makes you much more “aware” and puts you on a path that seems to raise your own vibrational level. Just four years ago Mr. Moore discovered that he could contact his own Guardian Angel during meditation and ask questions. Two chapters in the new book will be devoted to these questions both he and readers of his f.r.e.e weekly newsletter (worldwide) have asked.

Mr. Moore, who will already be in Europe attending an international TV market, will be attending the Frankfurt Book Fair October 14-17 and will be exclusively representing the foreign rights to his book for Light Technology.
